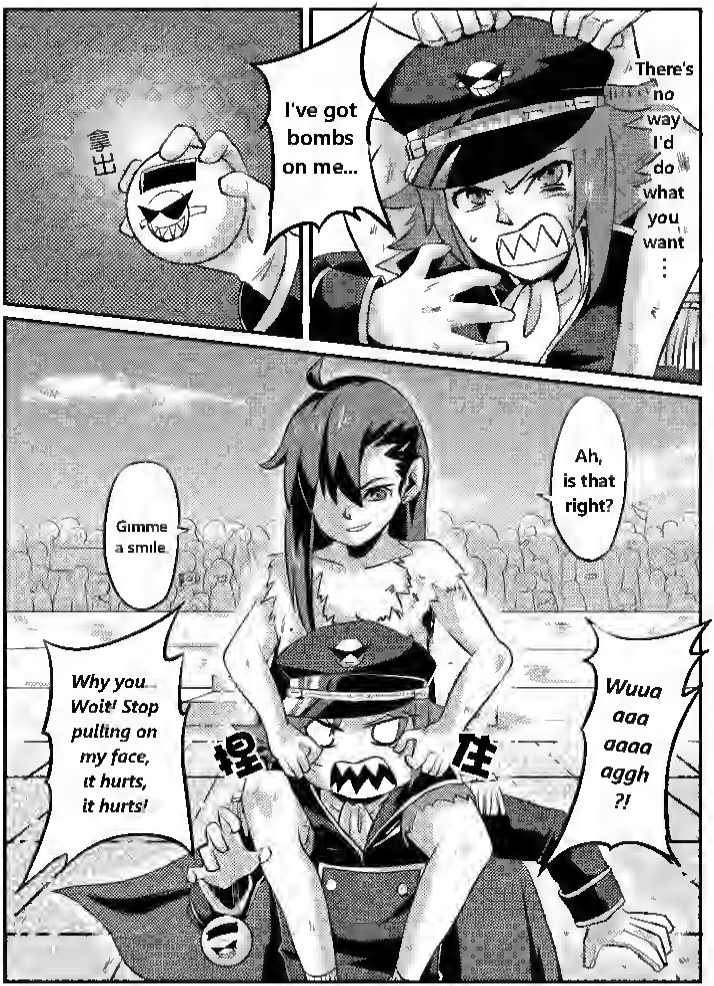
Translated by Caek



There's no way I'd do what you want...
I've got bombs on me...
拿出
Ah, is that right?
Gimme a smile.
Why you... Wait! Stop pulling on my face, it hurts, it hurts!

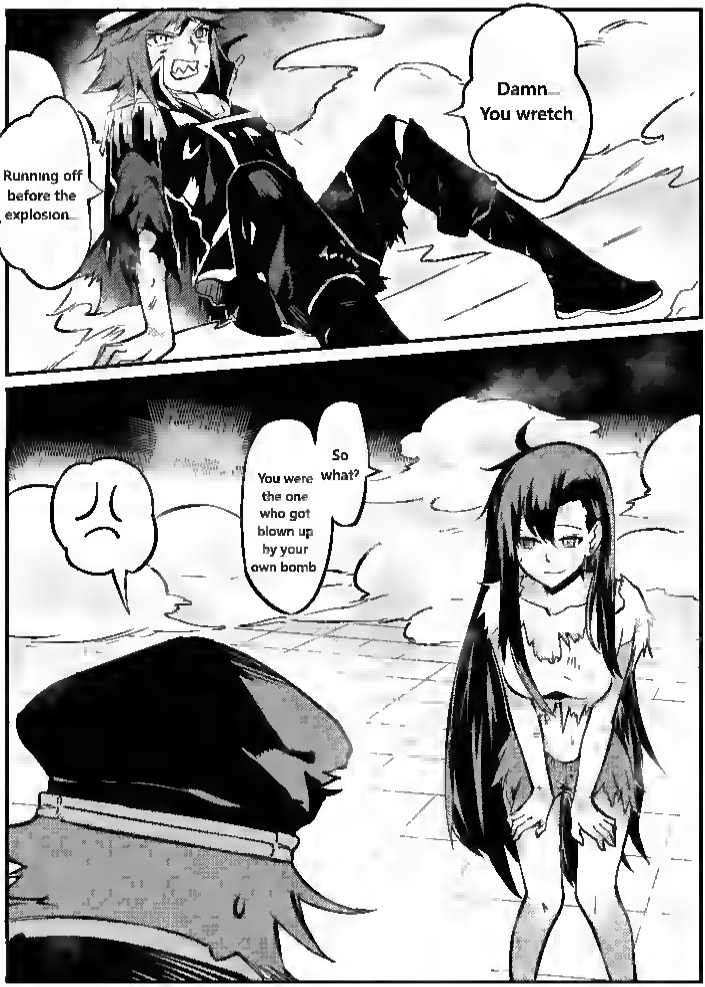
Woh, another explosion within!
Were the two of them caught in the blast?
Officer Senly's own bomb went off at their feet!
Dog Senly sure made a costly mistake after being flustered.
That's not Senly's only weakness.
Lin ought to have figured it out, right?



Damn... You wretch
Running off before the explosion...
So what?
You were the one who got blown up by your own bomb

But that won't work a second time!
You may have gotten me for the first time,
I'll blow you sky high with the rest of those small flags
Eh?
Ha?
Oh my, oh my~

Per-
chance,
Are you looking for these?
Wait--
Thase are my flags?!
Wretch, you stole my flogs?!

Dangit, giv'em beck!
You have quite some nerve, thief!
You want 'em?
Cut the crap!! They were mine to begin with!
Then...
You can have them!!

Wait... why did she throw them...
!?

Woaaaahh!! Miss Lin actually did so willingly!! It's landed on a space with no mine!!
Will Senly go fetch? Or will she not?

All that's left is to blow her away.
Wait... There's only one flag.
Only one flag?
That means ...

I didn't throw them all.
